

Quick Guide to our Pool Table cloth offerings

From Championship, both available exclusively from Valley-Dynamo

Valley Teflon Ultra

19-ounce Backed Cloth

Standard equipment felt on all Valley pool tables. Designed to look better, longer, even in the roughest locations.

Championship states: *A woolen-hybrid fabric finished to look and play like a worsted. It has the aesthetic characteristics of a worsted paired with the durability of a woolen. This unique cloth is designed for players who want the speed of worsted but don't want to pay the higher prices associated with worsted fabrics. Bathed in Dupont™ Teflon™, this process creates the only true liquid resistant fabric.*

Championship Worsted Ultra

24-ounce Unbacked Cloth

Optional equipment available at additional charge. For customers ordering a Valley table with a worsted cloth.

Championship states: *Championship Worsted Ultra's formula, construction, finishing process and extra weight make it practically puncture proof. Fewer dings and tears result in a smoother playing surface throughout the life of the fabric. This cloth is finished with Championship's exclusive active sheering and vacuum decating processes resulting in the smoothest and most accurate playing surface possible. Also bathed in Teflon like the Valley Teflon Ultra.*
